Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner Pak faxed a claim amendment proposal to Mr. Sarussi on June 20, 2005. The Examiner also requested a copy of the allowed claims in copending application 10/069,114 because it was not available in eDAN. On June 21, 2005, Mr. Derry faxed the allowed claims in 10/069,114. On June 23, 2005, Mr. Derry informed the Examiner that applicant would authorize an Examiner's Amendment to amend the claims as proposed by the Examiner. However, the Examiner stated to Mr. Derry that a review of the allowed claims in 10/069,114 indicates that a double patenting issue is raised. The Examiner cannot enter an Examiner's Amendment when there is a rejection that needs to be made of record. Mr. Derry was apprised that a terminal disclaimer and claim amendments as proposed would resolve the remaining issues in this case.
